

## **Rate Restoration for dry and refrigerated cargo for shipments from Australia to Fiji**

19 January 2012

Dear Valued Customer,

The member lines wish to advise that a freight rate increase of at least US\$200 per 20ft container and US\$400 per 40ft container will come into effect from vessels which arrive at their first Australian loading port on or after February 1<sup>st</sup> 2012.

The member lines have adopted voluntary policy guidelines and have reached a non-binding consensus on the implementation of the above arrangements.

APSA has been notified of the above and customers requiring further details concerning the application of the above rate restoration arrangements are asked to contact :
