Dear Valued Client

Subject: The Freight Station ("TFS") trading as a division of Pacific Forum Line (N.Z.) Limited

It is with regret that we write to advise you that Pacific Forum Line (N.Z.) Limited ("PFL"), is no longer in a position to continue trading TFS. Accordingly, we advise that a decision has been made by PFL's management to close TFS' trading operations. TFS' last day of operations will be 31 March 2011.

We appreciate the support you have shown TFS over the years and apologise if this decision causes any disruption to your operations. To ensure that we are in a position to cease operations we will only be accepting work that is guaranteed to be completed before 31 March 2011.

PFL Cargo will continue to operate at 82 Richard Pearse Drive providing the following services:

- Airfreight
- Personal effects' shipments
- LCL/FAK/FCL export consolidation

Please contact Rosaline Falemai at PFL Cargo on (09) 255 2500 to confirm your shipping requirements.

Yours sincerely
