

FORUM PACIFIC V022 – DELAY

27 January 2012

Dear Valued Customer,

We have been advised by the vessel owner that repairs are required to both cranes on the Forum Pacific. Problems with the gear teeth were discovered during a routine maintenance check. Parts need to be manufactured, so unfortunately this will cause a significant delay.

The departure of V022 will be delayed by an estimated 12 days.
The revised schedule for V022 is as follows :

PORT	ETA	ETD
AUCKLAND	8 February	9 February
NUKU'ALOFA	20 February	20 February
VAVA'U	21 February	21 February
RAROTONGA	25 February	26 February
AUCKLAND	7 March	8 March

We sincerely apologise for the inconvenience that this delay will cause. Everything is being done to get these repairs done as quickly as possible. These repairs need to be undertaken to ensure that we have safe and reliable cranes. We hope that there will be no further delays but will keep you informed.

If you have any questions please call our Customer Services Team on +64 9 355 7819 or 0800 80 3278.

Best regards,
